SCIOTO RIVER AGAIN INUNDATES WILLIAMSPORT PIKE

FLOODS CAUSE MUCH DAMAGE THROUGH OHIO

Residents of Lowland Districts
Leave Homes—Traction
Line Submerged

With .34 inches of rainfall and the Scioto river again over the Williamsport-pk as the result of a raise of three feet during the past 24 hours, traffic west of Circleville was forced to detour through Fox station Tuesday.

The river which had fallen below the road permitting traffic all day Monday and until late Monday night again inundated the road as a result of heavy rains throughout the state late Monday and Tuesday.

(By International News Service)
Exceptionally heavy rains yesterday and early today had brought about threats of serious floods in central and northern Ohio, with no indications of a noticeable let-up until late today. Many farmers and residents of lowland towns have been forced to abandon their homes and retire to neighboring towns and villages.

Ohio streams, especially those in central Ohio, were rapidly swelling this morning and gave indications of causing considerable property damage. Many streams have already overflowed their banks.

TRAFFIC HALTED
Traffic on many state highways has been temporarily halted due to high water. The Columbus, Delaware and Marion traction line was forced to abandon electric car service when flood waters submerged the tracks near Prospect.

Cause of one death was attributed to the cold rains. Clarence Wistman, 48, was killed at Steubenville when his automobile overturned after striking a landslide which blocked the highway. The landslide was caused by the heavy rain.

Several state roads in Marion county were ordered closed. Unusually high water was reported by due to the overflowing of the Scioto river in that county. Many of the roads there are under several feet of water.

The Olentangy river flooded the lowlands of Delaware-co after a rise of four feet in ten hours.

Unestimated damage was done to culverts and bridges in Hancock-co, where several were closed.

LEAVE HOMES
Residents of one lowland district near Massillon were forced to leave their homes by boats and seek shelter in the town.

Residents of Canoe City, near Leavittsburg, were moving to higher land.

Iron and steel mills in the Mahoning valley were planning to close because of the high waters of the Mahoning river.

BELLAIRE MAN IS FINED \$100

Mike Land, Bellaire, paid a fine of \$100 and costs to Mayor B. T. Hedges Monday when he pleaded guilty to illegal possession of the intoxicating liquor. Land was arrested in S. Court-st by Officers McManamy and Seall.

He was reported to have been losing in S. Court-st during a large part of Monday afternoon and was parked in his automobile there when he was apprehended.

C. C. SPEAKER

A representative of the Page Organ Co., of Lima, O., will be the speaker at the weekly meeting of the Chamber of Commerce Tuesday evening instead of J. H. Adams of the Sturm-Dillard Co.

Cleveland Inventor Plans to Circle Globe

Harry A. Husted, Cleveland inventor and manufacturer, is planning to cut in two the Graf Zeppelin's 21-day world-encircling record by performing the same feat in 10 days and 12 hours. Husted's proposed route is from San Francisco to Hong Kong, Siberia, Moscow, Paris, London, Newfoundland, New York and back to San Francisco.

Wedding Comes To Sudden End

The good ship, "Matrimony" which departed these shores Oct. 5, 1929, ran aground abruptly Monday when Benjamin F. McCain, of Clinton-st filed suit for divorce from Letha McCain on grounds of gross neglect of duty and extreme cruelty.

The couple was married in Catlettsburg, Ky., on Oct. 5, and after a marriage of but three months Mr. McCain asks divorce. Meeker Terwilliger represents the plaintiff.

The petition states that shortly after the couple was married, when the plaintiff's work took him from home several times a week, another man came and parked his car in front of his home and went into the house without so much as knocking on the door.

The plaintiff says that on Dec. 31, the defendant left his home and went to live with her mother. He entreated her to return to her home which she did and that on Jan. 2, she again left, this time taking all her personal belongings with her.

He says he owns real estate in Circleville and asks that besides divorce she be divested from any right in the property.

TUNNEY HAS GOOD NIGHT

Former Heavyweight Champ
Undergoes Successful Kidney Operation

NEW YORK, Jan. 14—Gene Tunney, former world's heavyweight boxing champion, who underwent a successful operation yesterday at the Presbyterian hospital for a kidney ailment, passed a restful night and was reported in splendid condition today.

At the hospital early this morning it was stated the former boxing champion had rested well during the night and his sleep had been only slightly disturbed.

The strength and stamina of Tunney stood him in good stead during and after the operation his physicians said. A rapid recovery was predicted.

Bulletins issued last night stated the patient came through the operation in very good shape and it was expected he will be able to leave the hospital in two or three weeks.

Motive in Triangle of Death

Mrs. George Mason, of Atlanta, Ga., was shot dead by her former husband, John Ernest Barnett, an accountant, of Chattanooga, Tenn. At the same time that Barnett shot and killed her last husband, George Mason, Barnett, his double murder completed, then turned the gun on himself and ended his life. It is said that the love that Barnett bore for his former wife was the cause of the tragedy.

CIRCLEVILLE AND LANCASTER KIWANIS CLUBS HAVE MEETING

Twenty-nine members and guests of the Lancaster Kiwanis Club entertained the Circleville Kiwanis club at their weekly meeting Monday at the Boggs Hotel and put on one of the most versatile programs the local club has ever had the pleasure to enjoy.

From the very beginning of the evening's activities when Charles Highland, chairman of the Lancaster inter-club relations committee, led the way to the dining room the party was a success.

The members of the Lancaster club were then introduced to the Circleville Kiwanians and Circleville men in turn introduced themselves to the visitors.

Those from Lancaster who attended the meeting are: Charles Highland, Wilbur E. Armstrong, Oscar S. Burton, Cecil R. Enoch, Dean M. Hickson, LeRoy E. Hudie, Earl Johnson, George L. Mallory, Charles F. Mann, Sidney W. Murphy, Harry Nolze, Ralph L. Oberdorfer, Dr. Standish O. Grady, J. J. Phillips, George H. Prentice, Donald R. Ray, LeRoy G. Sibbald, Harry Knowles, Edward E. Schaeffer, Benson Smith, Harold F. Thayer, Arthur E. Van Gundy, William F. Wacker, George Westhoven, Wilbur W. Westenberg, H. B. Eyma, Grant Kerns, Dick Timberlake and Judge Shell.

Each man stood and told his occupation as he announced his name.

Harmonious music was then put on by a quartet consisting of C. A. Metcalf, Harry Knowles, Ralph Oberdorfer and George Mallory. Dick Timberlake was accompanist. The quartet sang "Sleep Kentucky Babe." George Mallory and Dick Timberlake then put on several duets.

QUARTET MUSIC
Judge Shell of the Fairfield-co common pleas court gave a very interesting talk concerning the problems which face citizens of today.

Mr. Shell, who is a very fluent speaker, told of several of his experiences in Circleville and read from a book written in 1830, 100 years ago, a short history of Circleville and Pickaway-co. His reading met with much meritment on the part of the Kiwanians for the industries in 1830 were much different than they are at the present time, prices for farm produce were so much lower and as could be expected practically everything was different.

COMPARES TIMES
The speaker compared the children of today and the children of yesterday, stating that although most people try to prove that there is a great difference, there is none at all.

The Stout trio, composed of a toll of this man, was the past 12 months, according to reports reaching here today.

Grover Clark, a newspaper man who had an investigation into the international famine relief fund, has reported that the fund is hopeless, and that it is not to be done to save this number of victims from the lack of food, disaster and death.

The committee has been organized by the unemployed, and the present work is being done with the result of cutting off from their lives of sustenance.

The family is according to Clark, extending both sides of the Wei river, and in that territory were taken to death during the past few months, during which time the thermometer dropped to 32 degrees below zero.

The chairman of the lunch committee will be Frank Mason and his aides will be Noah List, C. A. Leist, W. L. Mack, P. E. Martin.

TWO BANDITS, DETECTIVE DIE IN GUN FIGHT

Police Squad Interrupts Burglars in Act of Robbing
Chicago House

CHICAGO, Jan. 14—One detective and two bandits were slain and one policeman and two other bandits were seriously wounded today in a furious gun battle at a west side apartment house where a police squad went in answer to a report of burglary in progress.

Detective Jerry Murphy was killed outright in the first fusillade of shots as was an unidentified bandit. Lieut. Edward Conroy, leading the squad up the stairs to the apartment fell with a bullet in his body.

One of the three wounded bandits died on the way to the hospital. He had been riddled by five bullets.

Led by Conroy, the squad entered the apartment house at an early hour this morning in response to a call that one of the apartments was being plundered.

SPLIT GROUP
Splitting the squad, one group entered the front and the other approached from the rear.

As they crept stealthily up the stairs they were met with a veritable hail of bullets from the darkened landing above. Murphy fell dead without having fired a shot.

The other members of the squad, dashed part of the way up the staircase, returning the bandits' fusillade, moving down all four of the bandits.

The bandits had entered the apartment of Harry Sucherman, had forced him to open a safe and were about to depart when the police squad arrived. Sucherman had sounded a burglar alarm with his foot as he climbed from his bed.

Lieutenant Conroy and another policeman decided to crush the front door. He detailed Murphy and Patrolman Lynch to the rear of the apartment. Murphy, however, told Lynch: "Go on up front with the Lieutenant, he's an old man—I'll handle the rear trick alone."

"Police officers!" roared Conroy. "Surrendered!"
Instead the three bandits crept to the rear where Murphy was mounting the steps. Without a word the bandits' guns roared and Murphy fell dead.

Conroy, Lynch and the third policeman opened fire. A hail of lead mowed down Wolf and Holman. Both died instantly.

CHINA FACES STARVATION

More Than Two Million Certain to Die Before Summer, Says Dispatch

LONDON, Jan. 14—More than two million Chinese in the provinces of Shensi and Shansi face certain death before summer, while famine has already taken a toll of this number in the past 12 months, according to reports reaching here today.

Grover Clark, a newspaper man who had an investigation into the international famine relief fund, has reported that the fund is hopeless, and that it is not to be done to save this number of victims from the lack of food, disaster and death.

The committee has been organized by the unemployed, and the present work is being done with the result of cutting off from their lives of sustenance.

Woman Lobbyist Assails Committee

Gladys Moon Jones, the only woman thus far questioned by the Senate Lobby Committee, went on the stand with a sharp statement in which she sharply criticized the committee's procedure and asserted it had degenerated into a mockery of the bill of rights. She also asserted that the chief purpose of the committee seemed to have been to create political difficulties for President Hoover.

HYDE TO TALK AT COLUMBUS

Farm Bureau Federation Meet,
Feb. 3, to Mark First of
Ag. Head

The first public appearance in Ohio of Secretary Arthur M. Hyde, of the United States Department of Agriculture, will be made at Columbus, Monday, Feb. 3, when he speaks at the annual meeting of the Ohio Farm Bureau Federation, to be held Feb. 3, 4 and 5, in conjunction with Farmers' Week, Edw. C. Rector, president of the Pickaway-co Farm Bureau has been notified.

Other speakers will include Miss Mary Mimms, of the Louisiana Agricultural Extension Department; M. S. Winder, secretary of the American Federation of Governors; Myers Y. Cooper; C. O. Moser, American Cotton Growers' Association; and Dean J. F. Cox, Michigan Agricultural College.

ELECT FARM BOARD HEAD

H. M. Schroll, Fairfield-co,
Succeeds Ed. C. Rector
As 15th District Head

At a meeting of the directors of the Farm Board of the 15th district comprising Pickaway, Ross, Fairfield and Hocking counties H. M. Schroll, Fairfield-co, was elected president to succeed Edw. C. Rector, of Circleville, who has been president of the board for the past six years. The meeting was held at the local farm bureau home.

DELINQUENT SENT TO GIRL'S SCHOOL

Emma Herron, 14, Circleville, was committed to the Girls Industrial school at Delaware Monday after Juvenile Judge Brown had found her guilty of immoral conduct. She was taken into custody several weeks ago by Probation Officer L. M. Brown on a delinquency charge. She was taken to the girls' school Tuesday.

STEAL BACON, HAMS VALUED AT \$183.60

Groce Ham Co., Scene of Second Robbery Within Week
—Break Window

Thieves late Monday or early Tuesday broke into the Groce Packing Co., W. High-st., owned by Ray R. Bales, and stole hams and bacon valued at \$183.60. Entrance was gained by breaking a window at the side of the building and unlocking the rear door from the inside.

Twenty-nine hams valued at \$146.16 and sides of bacon valued at \$37.44 was the plunder reported stolen.

Just a week ago hams valued at \$50 were stolen but the robbery was not reported. The back door through which entrance was gained for that robbery was barred up following the theft. It is thought that the same thieves who stole the hams a week ago performed the act Monday night. The glass and the window frame were both broken out to permit entrance.

Although it would have been necessary to use an automobile in hauling the hams and bacon away from the packing house, no trace of automobile marks which would have provided a clue for authorities could be found because of the rain which fell through the night.

The loss was discovered when workmen arrived at the packing house Tuesday morning and police were immediately notified.

It is almost certain that the robbers went toward either Columbus, Lancaster or Chillicothe, so police in those three cities were notified to be on the lookout.

MAKE REPORT ON SEAL SALE

Pickaway-co Christmas Sales
Total \$816, Half of County's
Quota

Over \$200,000 will be available in 1930 for local health programs in the state, according to Dr. Robert G. Patterson, executive secretary of the Ohio Public Health association. The estimate is based on the results of the Christmas seal sales which closed Dec. 24.

Funds raised annually through the sale of seals in every county in Ohio are used for public health, nursing programs, health camps, the early diagnosis campaign conducted in April and educational and nutritional programs.

Pickaway-co raised \$816 in its Christmas seal sale. This amount is to be used in holding three tubercular clinics in different parts of the county during the year. It is hoped every tubercular man, woman or child will avail themselves of this opportunity to come to the clinics. A fresh air camp for tubercular and undernourished children is also planned for the summer.

Circleville-twp raised \$19.40; Circleville city raised \$425.30. The city's quota was \$452.38.

TOWNSHIP RESULTS
Following is the township, the amount collected in the township and the quota for each:

Darby, collected \$10.55, quota, \$54.36; Deer Creek, \$35.30, quota, \$80.54; Harrison, Ashville and South Bloomfield, \$35.15, quota, \$128.34; Jackson, \$29.52, quota, \$63.54; Madison, \$21.50, quota, \$12.66; Monroe, \$21.52, quota, \$87.60; Muhlenberg, \$15.80, quota, \$41.64; Perry, \$46.45, quota, \$103.62; Pickaway, \$30.09, quota, \$71.82; Salt Creek, \$17.56, quota, \$79.26; Scioto, \$13.60, quota, \$147.66; Walnut, \$33.49, quota, \$73.92; Washington, \$25.55, quota, \$46.50; Wayne, \$14.19, quota, \$32.94.

Ferry-twp centralized schools at Atlanta bought the most seals of any school in the county. The grades purchased \$3.30 worth and the high school \$7.50 for a total of \$10.80. New Holland schools with \$8.60 and Walnut schools with \$7 were next in order.

The quota for Pickaway-co was \$1,747.28, based on six seals per capita, so just a little over half of that amount was raised.

The committee in charge of the seal sales wish to thank everyone who aided in making the seal sale a success, including newspapers, theatres, superintendents of schools and teachers and to the committees in different townships for their untiring efforts in making the task lighter for those in charge.

Police Squad Interrupts Burglars in Act of Robbing Chicago House

CHICAGO, Jan. 14—One detective and two bandits were slain and one policeman and two other bandits were seriously wounded today in a furious gun battle at a west side apartment house where a police squad went in answer to a report of burglary in progress.

Detective Jerry Murphy was killed outright in the first fusillade of shots as was an unidentified bandit. Lieut. Edward Conroy, leading the squad up the stairs to the apartment fell with a bullet in his body.

One of the three wounded bandits died on the way to the hospital. He had been riddled by five bullets.

Led by Conroy, the squad entered the apartment house at an early hour this morning in response to a call that one of the apartments was being plundered.

SPLIT GROUP
Splitting the squad, one group entered the front and the other approached from the rear.

As they crept stealthily up the stairs they were met with a veritable hail of bullets from the darkened landing above. Murphy fell dead without having fired a shot.

The other members of the squad, dashed part of the way up the staircase, returning the bandits' fusillade, mowing down all four of the bandits.

The bandits had entered the apartment of Harry Sucherman, had forced him to open a safe and were about to depart when the police squad arrived. Sucherman had sounded a burglar alarm with his foot as he climbed from his bed.

Lieutenant Conroy and another policeman decided to crash the front door. He detailed Murphy and Patrolman Lynch to the rear of the apartment. Murphy, however, told Lynch: "Go on up front with the Lieutenant, he's an old man—I'll handle the rear trick alone."

"Police officers!" roared Conroy. "surrendered!"
Instead the three bandits crept to the rear where Murphy was mounting the steps. Without a word the bandits' guns roared and Murphy fell dead.

Conroy, Lynch and the third policeman opened fire. A hail of lead mowed down Wolf and Holman. Both died instantly.

CHINA FACES STARVATION

More Than Two Million Certain to Die Before Summer, Says Dispatch

LONDON, Jan. 14—More than two million Chinese in the provinces of Shensi and Shansi face certain death before summer, while famine has already taken a toll of this many lives the past 12 months, according to reports reaching here today.

Grover Clark, a former newspaper man who conducted an investigation into the afflicted provinces for the China international famine relief committee has reported that the situation is hopeless, and that nothing can be done to save this colossal number of victims from death because of lack of food, dispatches from Peking declare.

The condition of the famine sufferers has been greatly aggravated by the unprecedented cold of the present winter. Transportation facilities have been paralyzed, with the result that residents of outlying sections are entirely cut off from their usual means of sustenance.

The famine area, according to Clark, extends on both sides of the Wei river. Thousands in that territory were frozen to death during the past few months, during which time the thermometer dropped to 32 degrees below zero.

Woman Lobbyist Assails Committee

Gladys Moon Jones, the only woman thus far questioned by the Senate Lobby Committee, went on the stand with a sharp statement in which she sharply criticized the committee's procedure and asserted it had degenerated into a mockery of the bill of rights. She also asserted that the chief purpose of the committee seemed to have been to create political difficulties for President Hoover.

HYDE TO TALK AT COLUMBUS

Farm Bureau Federation Meet, Feb. 3, to Mark First of Ag. Head

The first public appearance in Ohio of Secretary Arthur M. Hyde, of the United States Department of Agriculture, will be made at Columbus, Monday, Feb. 3, when he speaks at the annual meeting of the Ohio Farm Bureau Federation, to be held Feb. 3, 4 and 5, in conjunction with Farmers' Week, Edw. C. Rector, president of the Pickaway-co Farm Bureau has been notified.

Other speakers will include Miss Mary Mimms, of the Louisiana Agricultural Extension Department; M. S. Winder, secretary of the American Federation; Governor Myers V. Cooper; C. O. Moser, American Cotton Growers' Association; and Dean J. F. Cox, Michigan Agricultural College.

ELECT FARM BOARD HEAD

H. M. Schroll, Fairfield-co, Succeeds Ed. C. Rector As 15th District Head

At a meeting of the directors of the Farm Board of the 15th district embracing, Pickaway, Ross, Fairfield and Hocking counties, H. M. Schroll, Fairfield-co, was elected president to succeed Edward C. Rector, Circleville, who has been president of the board for the past six years.

The meeting was held in the local farm bureau home.

DELINQUENT SENT TO GIRL'S SCHOOL

Emma Herron, 14, Circleville, was committed to the Girl's Industrial school at Delaware Monday after Juvenile Judge Brown had found her guilty of immoral conduct. She was taken into custody several weeks ago by Probation Officer L. M. Brown on a delinquency charge. She was taken to the girl's school Tuesday.

STEAL BACON, HAMS VALUED AT \$183.60

Groce Ham Co., Scene of Second Robbery Within Week—Break Window

Thieves late Monday or early Tuesday broke into the Groce Packing Co., W. High-st, owned by Ray R. Bales, and stole hams and bacon valued at \$183.60. Entrance was gained by breaking a window at the side of the building and unlocking the rear door from the inside.

Twenty-nine hams valued at \$146.16 and sides of bacon valued at \$37.44 was the plunder reported stolen.

Just a week ago hams valued at \$50 were stolen but the robbery was not reported. The back door through which entrance was gained for that robbery was barred up following the theft. It is thought that the same thieves who stole the hams a week ago performed the act Monday night. The glass and the window frame were both broken out to permit entrance.

Although it would have been necessary to use an automobile in hauling the hams and bacon away from the packing house, no trace of automobile marks which would have provided a clue for authorities could be found because of the rain which fell through the night.

The loss was discovered when workmen arrived at the packing house Tuesday morning and police were immediately notified.

It is almost certain that the robbers went toward either Columbus, Lancaster or Chillicothe, so police in those three cities were notified to be on the lookout.

MAKE REPORT ON SEAL SALE

Pickaway-co Christmas Sales Total \$816, Half of County's Quota

Over \$200,000 will be available in 1930 for local health programs in the state, according to Dr. Robert G. Patterson, executive secretary of the Ohio Public Health association. The estimate is based on the results of the Christmas seal sales which closed Dec. 24.

Funds raised annually through the sale of seals in every county in Ohio are used for public health, nursing programs, health camps, the early diagnosis campaign conducted in April and educational and nutritional programs.

Pickaway-co raised \$816 in its Christmas seal sale. This amount is to be used in holding three tubercular clinics in different parts of the county during the year. It is hoped every tubercular man, woman or child will avail themselves of this opportunity to come to the clinics. A fresh air camp for tubercular and undernourished children is also planned for the summer.

Circleville-twp raised \$19.40; Circleville city raised \$425.30. The city's quota was \$452.58.

TOWNSHIP RESULTS
Following is the township, the amount collected in the township and the quota for each:

Darby, collected \$10.55, quota, \$84.36; Deercreek, \$35.30, quota, \$90.84; Harrison, Ashville and South Bloomfield, \$55.15, quota, \$128.34; Jackson, \$29.52, quota, \$63.54; Madison, \$21.50, quota, \$42.66; Monroe, \$21.52, quota, \$87.60; Muhlenberg, \$16.80, quota, \$41.64; Perry, \$46.45, quota, \$103.62; Pickaway, \$30.09, quota, \$71.82; Salt creek, \$17.56, quota, \$79.26; Scioto, \$13.60, quota, \$147.66; Walnut, \$33.49, quota, \$79.92; Washington, \$25.55, quota, \$46.50; Wayne, \$14.19, quota, \$32.94.

Perry-twp centralized schools at Atlanta bought the most seals of any school in the county. The grades purchased \$3.30 worth and the high school \$7.50 for a total of \$10.80. New Holland schools with \$8.60 and Walnut schools with \$7 were next in order.

The quota for Pickaway-co was \$1,547.28 based on six seals per capita, so just a little over half of that amount was raised.

The committee in charge of the seal sales wish to thank everyone who aided in making the seal sale a success, including newspapers, theatres, superintendents of schools and teachers and to the committees in different townships for their untiring efforts in making the task lighter for those in charge.

LEADING CAPITAL CITY TEAM TO INVADE CLUB THURSDAY

The Kay Jewelers, Columbus, Ohio, basketball team will invade the Capital City Club on Thursday evening.

The Jewelers made up of fast former high school and college stars have proven the class of the Capital to date and only Monday evening defeated Johnny Kossman and his clever Federal Glass team by the score of 32-26 in a great court game.

The Federals have three fine forwards in Bus Woodward who appeared here with the Viereck Florists several weeks ago, Tittle, a man who would probably be playing a forward or center for Ohio State if he would be eligible, Carter, substitute O.S.U. football center, who is a keen floor man is the third fine forward the Kay's have. Wood, a Columbus boy, is also a member of the offensive corps and in Monday's game was tied with Woodward for high points.

Trabue, another star, is the tip-off man. Guards are Big Bob Kline, whose defensive work here with the Viereck Florists several weeks ago, was one of the features of the contest; Kolb, an all-Ohio in 1925 at Ohio Wesleyan and Casey, the leading guard in the Capital City league in 1928-29.

The Kays have a sweet break-

SCHOOL HIT BY SICKNESS

One Hundred and Thirty-three Pupils out of Elementary Schools

There were 133 pupils absent Tuesday in the elementary grades of the Circleville public schools. High Street building had the majority with 96 absent from measles and grippe. These two were the principal causes also in the other schools although the attendance was much better.

At Franklin there were 25 absent, at Walnut, out of the entire school there were only eight absent from different causes and at Corwin, two cases of measles and two of grippe had been reported.

ESTHER DRUM HAS LEADING ROLE IN STAGE PRODUCTION

It is said that most people who are insane are demoted from worrying over some one subject. In the play "Yoo Hoo" Esther Drum as a maid in the home where the action takes place has read so many dime novels that she is somewhat unbalanced over this subject. Her mistaking of the Chinese girl as a villain in one of the novels starts all the funny complications in "Yoo Hoo". Blackie, the correspondence school hypnotist, tries in vain to get her under his power, but in the end has to throw a pillow at her to put her to sleep so he can offer his mental suggestion.

According to Irvin O. Plain, the director, Miss Drum will be a scream in her melodramatic interpretation of the part. Her song "Gonna Get a Man," will be a riot of fun. In this she tells of her ambitions toward men and declares that she will do something desperate to capture one. Her dance in connection with this song is one which will have to be seen to be appreciated. With her will be the "Circleville Rosebud Beauty Chorus" composed of ten of the forty dancing and singing girls in the various choruses.

Others in the cast are Mary M. Haevel, Eloise Hanley, Mildred Barthelme, Ruth Stout, Leona Bowman, Tom Druth, Fred Watts, Mack Parret Jr., Joe Lynch, Ed. Ebert and a large chorus of ladies and men.

Following is a partial list of those who will make up the "Patrons List" Hanley's Tea Room, E. S. Neuding, Hamilton and Ryan, Millirons and Martin Jeffries.

TIGER COURTMEN OPEN HOME SCHEDULE AGAINST Y DAY

Circleville basketball fans will be given their first chance of the season to witness the high school quintet in action Friday evening when the Mighty Y Day school team of Columbus invades the local high school court.

The Tiger quintet has played five games to date and not one of them has been on the home court. That can be given as one big reason for the five defeats the Guthrie-men have suffered.

First the Red and Black went to Lancaster to meet the St. Mary's team there. A defeat after a hard, rough battle was the result. Next came Marysville and after holding a lead at the end of the first half, the Tiger defense cracked and another defeat was registered. Washington C. H. was next on the program and the worst defeat of the season was the result of that game.

TAEK IMPROVES
Then the Tigers took a turn for the better.

Then encountered Chillicothe in the Ross-co metropolis and after a real battle which was not decided until late in the last period the tide of victory again went against the Tigers.

Last Friday night Westerville was met in the opening Central Buckeye league contest and although a defeat was suffered 20-19 the Red and Black played fine basketball.

Now comes this Y Day game. Y Day school has a reputation of having a basketball team that would defeat most semi-outfits. Last week the Y Day boys defeated the Ohio Deaf and Dumb school by a goodly margin and with this accomplishment their power might well be known. A preliminary which will see the Tiger reserves tangling with

Contour of Lune
A lune is a crescent-shaped figure, bounded by two intersecting arcs of circles, on a plane or a sphere, famous as the first curvilinear figure, whose area was accurately determined by Hippocrates about 440 B. C., when the central angles of the arcs are as 1:2, or 1:3, or 2:3. A section of orange is an example of a lune.

Power of High Thought

LEADING CAPITAL CITY TEAM TO INVADE CLUB THURSDAY

The Kay Jewelers, Columbus, leaders in the Capital City league, will be the feature attraction at the C.A.C. gym Thursday evening.

The Jewelers made up of fast former high school and college stars have proven the class of the Capital to date and only Monday evening defeated Johnny Kossman and his clever Federal Glass team by the score of 32-26 in a great court game.

The Federals have three fine forwards in Bus Woodward who appeared here with the Vireck Florists several weeks ago, Tittle, a man who would probably be playing a forward or center for Ohio State if he would be eligible, Carter, substitute O.S.U. football center, who is a keen floor man is the third fine forward the Kay's have. Wood, a Columbus boy, is also a member of the offensive corps and in Monday's game was tied with Woodward for high points.

Trabue, another star, is the tip-off man.

Guards are Big Bob Kline, whose defensive work here with the Vireck Florists several weeks ago, was one of the features of the contest; Kolb, an all-Ohio in 1925 at Ohio Wesleyan and Casey, the leading guard in the Capital City league in 1928-29.

The Kays have a sweet break-

ing offense and with passwork that comes only through much practice will give the Club a hard battle.

The fast stepping Lutheran Brotherhood basketball team will meet Darbyville in the first preliminary with the Groveport Independents facing the Grant Flying Clouds in the game preceding the C.A.C. contest.

Tuesday evening the regular Club quintet invades New Lexington for a fray with the fraternity team there.

DARBYVILLE IS SCENE OF MUCH ACTION

Three Sensational Basketball Games Played in Village Monday Evening

With nearly all the players running wild and scoring from every angle on the court, the Darbyville All-Stars defeated the Kingston Merchants Quintet at Darbyville Monday evening by the score of 51-35.

The game was fast through the first half with the first two quarters ending 23-17 in favor of the winners.

At the start of the second half Fullen and Walker connected for several long shots while Beatty scored several pot shots.

A. Beatty, Walker and Fullen with 17, 17 and 14 points respectively were high scorers. Enoch with eight goals was high for the losers.

ASHVILLE WINS

In a preliminary game the Asheville Junior O. U. A. M. led by Pettibone defeated the Darbyville Bull Dogs in a fast contest that wasn't decided until the final minute. The score was 24-23.

Pettibone was the big shot in the contest scoring six goals and a foul for 13 points. Darbyville scoring was evenly divided.

In another preliminary the girls of Darbyville defeated the Commercial Point girls by a score of 18-9. Beatty of the winners was the star of the game.

Will Return to Fistic Wars

Jack Delaney, former light heavyweight champion of the world, after a long absence, will soon return to the scene of his former glory. Jack is scheduled to meet Tom Kirby in a match to be held at Providence, R. I.

ESTHER DRUM HAS LEADING ROLE IN STAGE PRODUCTION

It is said that most people who are insane are demented from worrying over some one subject. In the play "Yoo Hoo" Esther Drum as a maid in the home where the action takes place has read so many dime novels that she is somewhat unbalanced over this subject. Her mistaking of the Chinese girl as a villain in one of the novels starts all the funny complications in "Yoo Hoo." Blackie, the correspondence school typist, tries in vain to get her under his power, but in the end has to throw a pillow at her to put her to sleep so he can offer his mental suggestion.

According to Irvin O. Plain, the director, Miss Drum will be a scream in her melodramatic interpretation of the part. Her song "Gonna Get A Man," will be a riot of fun. In this she tells of her ambitions toward men and declares that she will do something desperate to capture one. Her dance in connection with this song is one which will have to be seen to be appreciated. With her will be the "Circleville Rosebud Beauty Chorus" composed of ten of the forty dancing and singing girls in the various choruses.

Others in the cast are Mary M. Harwell, Eloise Hanley, Mildred Barthelmas, Ruth Stout, Leona Bowman, Tom Drum, Fred Watts, Mack Parret Jr., Joe Lynch, Ed. Ebert and a large chorus of ladies and men.

Following is a partial list of those who will make up the "Patrons List" Hanley's Tea Room, E. S. Neuding, Hamilton and Ryan, Millrons and Martin Jeffries

Rear-Seat Drivers

Rear-seat drivers do not all ride in automobiles. They can be and are found in all lines of work and banks of life. Self-appointed rear-seat drivers are found everywhere, and at all times. The great majority of them are just plain nuisances.—New Albany Tribune.

Too Busy Individuals

A nature note says the bee has to gather nectar from 62,000 clover blossoms to make a pound of honey. Just offhand, we'd say the only one busier than the bee was the person who followed it around to check up on it that the world might have that all-important information.—Cincinnati Enquirer.

TIGER COURTMEN OPEN HOME SCHEDULE AGAINST Y DAY

Circleville basketball fans will be given their first chance of the season to witness the high school quintet in action Friday evening when the Mighty Y Day school team of Columbus invades the local high school court.

The Tiger quintet has played five games to date and not one of them has been on the home court. That can be given as one big reason for the five defeats the Guthriemen have suffered.

First the Red and Black went to Lancaster to meet the St. Mary's team there. A defeat after a hard, rough battle was the result. Next came Marysville and after holding a lead at the end of the first half, the Tiger defense cracked and another defeat was registered. Washington C. H. was next on the program and the worst defeat of the season was the result of that game.

TEAM IMPROVES

Then the Tigers took a turn for the better.

Then encountered Chillicothe in the Ross-co metropolis and after a real battle which was not decided until late in the last period the tide of victory again went against the Tigers.

Last Friday night Westerville was met in the opening Central Buckeye league contest and although a defeat was suffered 20-19 the Red and Black played fine basketball.

Now comes this Y Day game. Y Day school has a reputation of having a basketball team that would defeat most semi-outfits. Last week the Y Day boys defeated the Ohio Deaf and Dumb school by a goodly margin and with this accomplishment their power might well be known.

A preliminary which will see the Tiger reserves tangling with

the Washington-twv varsity team will precede the Y Day-Tiger contest.

ARRANGE TWO DAY SCHOOL

Poultry raisers throughout Pickaway-co will have an opportunity to attend a two day county poultry school which will be held at the farm bureau home on Tuesday and Wednesday, Jan. 21-22.

The poultry income throughout the county represents seven percent of the total farm income which shows that poultry farming is a very essential industry in Pickaway-co agriculture. The following program has been arranged by the committee:

TUESDAY, JAN. 21, 1930.

10:00 A. M.—Introduction—H. S. Lewis.

10:15—Recent Development in Poultry and Egg Marketing—C. W. Hammans.

11:15—Producing Quality Chicks—A Movie.

1:00 P. M.—Poultry Housing (an illustrated talk) C. M. Ferguson.

2:00—Egg Grading Demonstration—Local Poultrymen.

WEDNESDAY, JAN. 22, 1930.

10:00 A. M.—Feeding for Eggs—C. M. Ferguson.

11:00—Film.

11:15—Growing Healthy Pullets in Ohio—C. M. Ferguson.

1:00 P. M.—Farm Flock Management—Sterley Croman.

2:00—Sanitation and Disease Control—Dr. Broerman.

3:00—Chick Rearing—A Movie.

Contour of Lune

A lune is a crescent-shaped figure, bounded by two intersecting arcs of circles, on a plane or a sphere, famous as the first curvilinear figure, whose area was accurately determined by Hippocrates about 440 B. C., when the central angles of the arcs are 120° or 135° or 225°. A section of orange is an example of a lune.

SCHOOL HIT BY SICKNESS

One Hundred and Thirty-three Pupils out of Elementary Schools

There were 133 pupils absent Tuesday in the elementary grades of the Circleville public schools. High Street building had the majority with 96 absent from measles and grippe. These two were the principal causes also in the other schools although the attendance was much better.

At Franklin there were 25 absent, at Walnut, out of the entire school there were only eight absent from different causes and at Corwin, two cases of measles and two of grippe had been reported.

THE ARSONIST

—a Discouraged Criminal

More and more is the arsonist becoming a discouraged criminal. So relentless is the search—so greatly improved are the methods of detecting the evil deeds of this foe to all society—that fires started either for revenge or unlawful gain, are steadily decreasing in number.

Through the Arson Department of the National Board of Fire Underwriters, the Stock Fire Insurance companies work day and night to apprehend the arsonist.

The Arson Squad—composed of a large number of specially trained men—operates quietly and effectively with the police and fire departments and with fire marshals, to guard the public against incendiarism.

The pitiable but dangerous pyromaniac, with his abnormal mind, also is being curbed.

Model Arson Laws

Legislators in more than half our states have amended their laws to more effectively check the operations of criminals who endanger the lives of others in their desperate efforts to profit illegally through destruction by fire. Other states are joining the movement.

Lives and property are becoming safer as a result of ceaseless vigilance against this crime of crimes.

Even more gratifying results will follow a keener realization of the menace and cost of incendiary fires. There are many ways in which the public may cooperate in aiding the authorities to punish the guilty.

A copy of "The Crime of Crimes," an interesting booklet on arson and incendiarism, may be had upon request.

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Avoid the snags along the common-sense path to fitness and fashion. Don't let over-indulgence deprive you of the tantalizing contour of the modern figure. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately—when your eyes are bigger than your stomach, reach for a Lucky instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence, if you would maintain the graceful, modern figure with its captivating curves.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

*Be Moderate!... Don't jeopardize your form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies recommended by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous programs. Be Sensible! Be Moderate! We do not represent that smoking Lucky Strike Cigarettes will bring you modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, reach for a "Lucky" instead, you will thus avoid over-indulgence in things that cause excess weight and by avoiding over-indulgence, maintain a modern, graceful form.

THE ARSONIST

—a Discouraged Criminal

More and more is the arsonist becoming a discouraged criminal. So relentless is the search—so greatly improved are the methods of detecting the evil deeds of this foe to all society—that fires started either for revenge or unlawful gain, are steadily decreasing in number.

Through the Arson Department of the National Board of Fire Underwriters, the Stock Fire Insurance companies work day and night to apprehend the arsonist.

The Arson Squad—composed of a large number of specially trained men—operates quietly and effectively with the police and fire departments and with fire marshals, to guard the public against incendiarism.

The pitiable but dangerous pyromaniac, with his abnormal mind, also is being curbed.

Model Arson Laws

Legislators in more than half our states have amended their laws to more effectively check the operations of criminals who endanger the lives of others in their desperate efforts to profit illegally through destruction by fire. Other states are joining the movement.

Lives and property are becoming safer as a result of ceaseless vigilance against this crime of crimes.

Even more gratifying results will follow a keener realization of the menace and cost of incendiary fires. There are many ways in which the public may cooperate in aiding the authorities to punish the guilty.

A copy of "The Crime of Crimes," an interesting booklet on arson and incendiarism, may be had upon request.

GUARDING THE FRONTIER
Plans for more comprehensive and energetic enforcement of the prohibition law on the Canadian border have been submitted to the Canadian government. Washington hopes for approval.

This is a necessary step, especially as regards the establishment of new ports of entry, because for mutual convenience Canadian and American stations should be placed at the same points. With official opposition on the other side, the task of keeping out contraband liquor would be made vastly more difficult.

It is also to be remembered that Canada is our closest neighbor and our best friend among the nations. It is easy for friction to develop in so intimate and complicated a business as the prevention of smuggling on so vast a border. With Canadian co-operation, with good will on both sides, and with strict regard for Canadian rights on our part, there will be hope of success without paying too great a price.

YOUTH

It would be a fine thing if some of our blase youths, afflicted with ennui, weltchmerz and one thing and another, could come in contact with Maj. Orin E. Barber, of Wherever-He-Happens-To-Be.

A newspaper reporter caught this young fellow the other day as he was prancing up the street in Berea, O., looking for some of the boys. Buttonholed, the Major blankly confessed to have been born in Cleveland or some such "frog pond" in 1828, and then drifted easily into reminiscences of Civil war battles and General Grant and President Lincoln, and expatiated blithely on his rambles since that time.

"You see, young feller," he added, "I'm just going to push off for Michigan and parts west in a couple of days. Got to keep going. Yes, I'm a wanderer. I hop onto a bus and away I go. It's easier traveling in this country, and more fun, every year. Sometimes I take an airplane. I'm no pilot myself—not yet. Some of my friends say I'm too active and reckless-like. But I'll probably sober down in time, and maybe I'll have my own plane about the time I'm 120 or 130. It's a great life, if you keep going."

At 102, he reads newspapers without glasses, hears normally, has a good appetite and eats whatever he likes, goes to a dance occasionally, and is friskier than a lot of lads under 20. He refuses to preach or give advice, but evidently thinks this generation, with all its boasted progress, is a bit sleepy, not enough interested in life.

Major Barber seems to have the secret of eternal youth, which consists mainly in keeping active and interested.

Every time a Socialist opens his mouth, nowadays, there's a club raised to knock him in the head, and one of these times that's the way the pessimists will be swatted.

A REWARD FOR OVER HONESTY

"STORM-TOSSED"

BY HELEN SCHERMERHORN YOUNG

WHAT HAS HAPPENED BEFORE.

ENID MONROE is loved by Dick Grant and Ned Grier. Both young men work for the same oil company. Dick is sent to Shanghai. Ned wins Enid by telling her that Dick is carrying on an affair with an Oriental woman. When Dick returns, he learns that Enid and Ned are soon to be married. He acts as best man at the wedding after which he leaves for the Coast. Next Summer his company sends him to a mountain resort, where Ned and Enid are vacationing with Enid's brother.

(NOW GO ON WITH THE STORY.)

CHAPTER XIX.

"IT'S a question whether I can come again this Summer," Dick said hesitatingly.

But in a few weeks when Genevieve telephoned and asked Dick to motor her down the following week-end and to go on a camping trip which Dave and Pauline were planning there was no question about it. His resolution fled. He was counting the days until Friday.

It wouldn't be so hard this trip. Genevieve's being along would relieve the situation.

As Genevieve stepped into his car after they had strapped their baggage on, he thought what a good sport she was—a handsome girl, too, a real Californian with golden hair like California gold.

And Gen was never any trouble. On a horseback ride she never seemed to need any attention. Her horse never cut up. She never thought her saddle was slipping. She didn't get tired. And on a trip like this she was just right—just the kind of a girl to pal around with a man. A drink of straight gin was just as satisfactory to Genevieve as if the ginger ale was the right brand and ice tinkling in it. Darned good sport, and you didn't have to draw a map for her to see a joke.

Fine, independent, self-reliant girl—understanding and a real comrade. Great girl, Gen! But she didn't have that gentle, helpless appeal that Enid had. Strange, he never would drive too fast with Enid. He wouldn't frighten her for worlds, and he'd go for weeks without a drink rather than ask Enid to take a drink out of his flask. Those things didn't go with Enid.

Genevieve wasn't tired when they arrived. She sat with her highball glass in her hand and made them all laugh by telling of incidents on the trip. When she said that a man at a filling station had alluded to her as the "Missis," Enid laughed, too. But the word started her to thinking.

Genevieve was an addition to the party. She brought to it a note of gaiety which all felt. Long happy days slipping by—Enid in her riding clothes and her hair blowing in the wind as they rested on the top of a mountain. Enid in her blue bathing suit swinging her legs over the side of the dock. Old Ned up to his old tricks of swimming under water and grabbing Dick's legs. Up at the crack of dawn to find Villa waiting with the horses. Swinging Enid up in her saddle and handing her the reins—putting them in her little hands—Genevieve calling back asking if they had the flask.

There they were, off on their camping-trip with Villa, riding at the head of the cavalcade with the frying-pan lashed to his saddle, tinkling with each step of his horse like some primitive musical instrument—perhaps like one to which "Dick-Dick—" she called, "I

think there's something wrong with my saddle."

"Just wait until we get down a bit further, Enid—right around that bend. It's too narrow here for you to get off."

Trembling inside and dizzy, she sat quietly until they rounded the bend.

"Now, stop," called Dick, swinging off of his horse and coming to her, sinking into the red shale with each step.

He was by her side now—between her and that awful precipice.

"Now, Enid," He held up his arms to help her off.

As she swung her leg over the saddle, it turned. Dick caught her in his arms.

"Wait now until Paloma moves

Dick Caught Her in His Arms.

and can ride...goodness life—rides like a vagabond," Dick with Enid who pulled up in the rear on her mount—gentle as a dove, which his Spanish name Paloma meant—Enid timid and feeling safer with Dick near her and no one behind her. A horse had kicked her once and he had reared and frightened her, so she chose always to ride at the end of the procession.

Of course David and Ned were good horsemen, but they hadn't been brought up in the West. Dick was different, she felt. Just the way he sat in his saddle and opened gates and looked at her saddle and bridle after she was mounted gave her a feeling of confidence. And somehow or other he was always near when they came to a difficult place on a trail. Down and down they went—all of a sudden Enid felt herself slipping further up toward Paloma's head. At first she thought she would say nothing. She hated not being a good sport. She wanted to be like Genevieve and not require a lot of fussing. But frightened she was. She was not secure in her saddle, and when she braced her feet in the stirrups she felt nothing to press against. "Dick-Dick—" she called, "I

Theatres

AT THE GRAND

Kenneth Thompson who plays the good looking heavy in Al Jolson's newest talking and singing Vitaphone picture, "Say It With Songs," now at the Grand theatre alternates between leading roles and villain parts, though the handsome heavies may be called his long suite.

Born to the stage, his father a singer and his mother a concert manager, Thompson left Carnegie Tech to enter stage work. His first appearance on the stage was in "Deceit" in 1920. Following that he played leads for Frohman, the Shuberts, George Tyler and A. H. Woods for a period of five years after which he became interested seriously in pictures.

His first picture was one that brought him into immediate attention with the role of Alec in "White Gold." Recent releases included "Broadway Melody" and "The Bellamy Trial" after which he was chosen by Warner Bros. for the important role with Joelson in "Say It With Songs."

AT THE CLIFTONA

Turning a California country club into a European watering resort kept a brigade of carpenters, landscape gardeners and electricians busy for more than two weeks when "His Glorious Night" was filmed by Metro-Goldwyn-Mayer as a talking picture starring John Gilbert.

In this new feature, which opens Wednesday at the Cliftona theatre the use of the Midwick Country Club was obtained and its huge sweep of greensward on the polo field and surrounding slopes was converted, with convincing authenticity, into a smart playground of Continental atmosphere.

Lionel Barrymore, who directed this, the screen adaptation of the Ferenc Molnar play, "Olympia," filmed the thrilling steeplechase scenes on the polo field, keeping his camera and "mikes" abreast of the horses by mounting them on a swift motor pambulator, which ran upon a grooved wooden track built on the field.

Katherine Dale Owen plays opposite Gilbert in the new feature and the supporting cast includes Nance O'Neil, Hedda Hopper, Doris Hill, Gustav von Seyffertitz, Richard Carle and Tyrrell Davis.

LAST TIMES

"There is no truth to the frequently made statement that popular songs die overnight."

Vivian Duncan spoke with authority when she made this statement during the production of the Duncan Sisters' first talking picture, "It's a Great Life." For the beautiful blonde of the famous "sister act" has international reputation as the "greatest of harmony blue singers." "It's a Great Life," in which Metro-Goldwyn-Mayer present Vivian and her sister, Rosetta, is at the Cliftona theatre Tuesday.

Churchmen Ask Support Of Red Cross Roll Call

Leading churchmen of the nation have joined in asking public support of the annual Roll Call of the American Red Cross. Two distinguished leaders who have sent messages to their congregations all over the country are quoted, as follows:

"I plead for an extension of our Red Cross membership until we can call a roll of every adult American," stated the Most Reverend Michael J. Curley, Archbishop of Baltimore. "I would like to see the children listed in the organization by their parents. I plead for it because of the spiritual reaction I visualize in our millions of contributing members."

"As president of the Federal Council of the Churches of Christ in America, I bespeak for the Roll Call of the American Red Cross the fullest cooperation of all the churches in the constituency of the Council," writes Francis J. McConnell, president of the Federal Council. "I cannot imagine that there is any minister who will not be grateful for the opportunity to call the attention of his people to the work of the Red Cross and to urge them to enroll in its membership."

Eyes of Lower Animals

The biological survey says that the crystalline lens varies somewhat in the eyes of different mammals. Magnification of the object may sometimes result, but it is impossible to tell the comparative impression on the retina and the optic nerve. Should man appear three times his normal size to animals, all other objects would also be magnified three times.

Lake of Vast Depth

In the heart of Ingleborough, one of the highest peaks of the Pennine range, a subterranean lake of tremendous depth has been discovered. It lies 600 feet below the surface and is 300 yards long. So far it has been impossible to find its depth. Plumb lines have been dropped from a raft, but none have touched the bottom.

Walking Aids In Halting Disease

Forget the Arithmetic of High Blood Pressure. Advise Authority; Exercise Sensibly!

By R. S. COPELAND, M. D.
U. S. Senator from New York.
Former Commissioner of Health, New York City.

If you suspect that you may have high blood pressure, or someone tells you that you have it, do not be too disturbed, for many a person has lived far past eighty in spite of it.

With the rapid pace of life in these days, it is no wonder that people have high blood pressure. As doctors have increased knowledge of the variations that occur from normal to abnormal blood pressure, they realize that "normal" blood pressure is rare.

Certain diseases have high blood pressure as a symptom. Bright's disease, that familiar disease of the kidneys, is usually accompanied by high blood pressure. But the possession of high blood pressure does not prove that you have Bright's disease. As a matter of fact, many other conditions are accompanied by it.

High blood pressure may be brought on by extreme nervousness, worry, or some other disturbance of the nervous system. One of the outstanding causes is auto-intoxication, or intestinal poisoning.

There is a vicious circle set up in the system by overindulgence in rich foods, alcoholic or other overstimulation, lack of proper rest, and any kind of excess which is bound to be intestinal poisoning, blood pressure and general ill-health where these excesses exist.

Everyone should have a physical examination by a competent doctor once a year. After a person is fifty, it is well to have an examination twice a year. "Prevention" is the watchword today. Be on the safe side and guard your health.

Of course we should begin early in life to keep fit. To keep in good condition by a proper diet and everyday physical exercise means long life.

Those who must live a sedentary life should be extremely careful to get enough exercise to counteract the inactivity of hours in the day's work. Your muscles, arteries and veins must be plastic and in good working order to do the work of the body. Vigorous exercise of some sort is the only thing that will accomplish this.

Golf, walking, swimming and all sensible exercises help to get rid of disease, as well as to prevent it. One doctor of my acquaintance once said that he had "kapt ten patients in good condition on the golf course." He also said, "People should not be concerned with the arithmetic of high blood pressure, but with providing wholesome conditions of living which will eliminate the causes of high pressure."

Why Folks Stay Fat

Not always because of over-eating, but because a gland is weak. That gland largely controls nutrition. When it is weak one may nearly starve, yet stay fat. Modern physicians the world over now combat this great cause of obesity. And excess fat, in late years, has been disappearing fast.

Marmola prescription tablets contain the chief factors which they use. People have used them for 22 years—millions of boxes of them. And countless slender figures everywhere now show the amazing effects.

Go try this right method to reduce. Stop starving. Read the book in the box with the formula and reasons. Ask your druggist today for a \$1 box of Marmola and watch the change.

AID MEETS IN KINGSTON
The Ladies Aid society of the Kingston Methodist Episcopal church met on Wednesday afternoon at the home of Mrs. Lenore Webb with the following assistant hostesses: Mesdames Lillian Hinton, Viola Yaple, Mary Bond, Martha Minshall, Mary R. Withgott and Misses Georgia Jacobs and Carrie Umsted.

The meeting was called to order at 2:30 o'clock by the president, Mrs. Louise Morris and opened by all singing "Jesus, I Come". The devotionals were in charge of the president, who led in the reading of the 51st Psalm responsively which was followed by a prayer offered by Mrs. Norman Pyle. The secretary read the minutes of the December meeting and called the roll finding 29 members and three visitors present.

The collection amounted to \$6.65. During the business session it was voted to have a market on Saturday morning, January 25th, beginning at 10 o'clock sharp. The program committee gave up their time to Mrs. Julia Baldoser who discussed financial questions interesting to the Aid members.

The committee served delicious Neapolitan ice cream, individual chocolate cakes and hot coffee.

BRIDGE CLUB HAS SPREAD
An informal six o'clock spread at the home of Mrs. Harold Graat Monday night, was enjoyed by the 12 members of her bridge club. The dinner was followed by bridge at three tables.

The two winners for high scores were Miss Besse Fry and Mrs. L. B. Davison.

DINNER BRIDGE IN KINGSTON
Mr. and Mrs. Carson Dreisbach of Kingston delightfully entertained a group of their friends on Friday night at a bridge dinner. The guests were Mr. and Mrs. G. W. Mrs. Egbert Freshour was awarded the prize for high score.

ANNIVERSARY OF 18th AMENDMENT
The Circleville Woman's Christian Temperance Union will celebrate the 10th anniversary of the 18th Amendment Thursday afternoon, Jan. 16, in the Presbyterian church with a Victory Day program.

All members are urged to attend and the public is cordially invited.

The meeting is called for 2 o'clock.

WILL VISIT IN FLORIDA
Mrs. Germain Joseph will leave Thursday for several weeks visit in Lakewood, Fla. She will stop in Lexington, Ky. for a few days and from there continue to Florida where she will be the guest of relatives.

TO LEAVE SOON FOR ARIZONA
Miss Marvina Howard will leave Wednesday for Tucson, Arizona, where she expects to stay about six weeks. Miss Howard has been living in Cleveland for the past few years.

NAME OFFICERS FOR SOCIETY
At the meeting of the Von Bora society of the Trinity Lutheran congregation Monday night a new president and a new treasurer were elected. Miss Ethel Stein was named to take the place of Mrs. Karl Herrmann and Miss Mary Weller was elected to fill the place of Miss Elizabeth Beck who had resigned as treasurer.

The meeting was opened by song and prayer under the direction of Dr. G. J. Troutman. He also talked for a period of time on the work in different departments of the church. A query box occupied the remainder of the evening.

Lunch was served by the outgoing officers. These were Mrs. Elmer Wolfe, Mrs. Minnie Seall, and Mrs. James Carpenter.

SUPPER TO FOLLOW AFTERNOON SEWING
Thursday afternoon Mrs. Toensmeier's Bible class of the Presbyterian church will sew at the home of Mrs. Glenn Nickerson on S. Court-st. Garments and articles will be made for Miss Charlotte Phelps, district nurse for distribution.

The afternoon of sewing will be followed by a covered dish supper at six o'clock.

AT MEETING IN COLUMBUS
Mrs. Emil S. Toensmeier, Mrs. Elizabeth Patterson, Mrs. Estella Ritt Morris, Mrs. W. F. Cellar and Miss Clara Southward attended a meeting Tuesday of the Presbytery of Columbus. The meeting was held in the Central Presbyterian church.

HEALTH LEAGUE IS ENTERTAINED
Members of the Pickaway County Health League were royally entertained Sunday with a luncheon at the home of Mrs. Stanley Stevenson in Circleville-twp. Lunch was served at noon and was followed by the business meeting.

Guests at the luncheon were Mrs. Horace Peters and Mrs. Ralph Hosler of Ashville; Mrs. Fanny Kirk of New Holland; Mrs. Harry Dunlap of Williamsport; Mrs. Long of Five Points; Mrs. Dennis of Commercial Point and Mrs. D. V. Courtright. Miss Charlotte Phelps, Mrs. W. A. Spangler, Miss Farnah Warner, Mrs. Maude Foster, Mrs. Tom Brown and Mrs. Clarence McAbee.

BOARD IS ENTERTAINED
The Home and Hospital board members met Monday afternoon and were delightfully entertained at the home of the vice president, Mrs. John Neff, on E. Union-st. During the business meeting the members expressed their gratitude to all those who in any way gave happiness to the old folks at the Home and Hospital during Christmas.

The board is taking this means of thanking all who gave at that time.

After the business meeting, the hostess served delicious refreshments.

DYNAMITING KILLS FOUR
Bandits Fail in Pay Car Hold-up But Snuff Out Lives Of Workmen
WILKES-BARRE, Pa., Jan. 14.—Every police agency of the state joined forces today in the search for two bandits who obtained \$3,000 of a \$33,000 payroll after dynamiting a pay car of the Glen Alden coal company, killing four company employees outright, fatally injuring another and injuring three other men, one so seriously that he may die.

The dead: Arthur E. Webb, 32, Scranton paymaster in charge of the car; Martin Burns, 31, section foreman; Frank Binski, 40, miner; James Shovin, 32, section foreman.

Frederick W. Pfaff, 60-year-old guard of Scranton, was terribly mangled in the blast. Both of his feet were blown off and he suffered internal injuries.

John Sookill, 45, a guard, also suffered minor injuries and Harry Powell, a mine worker, was cut and bruised.

The charge of dynamite was set off by a concealed battery hidden behind a clump of pine trees about 200 feet from the narrow gauge mine railroad track. When the improvised pay car's motor had passed over the section of track to which the battery was wired, the bandits slammed down the lever sending the current coursing through to the dynamite.

ENJOY-IT-NOW
When you don't like what the other fellow does, you do it yourself, don't you? Well, we didn't like the copy that the Editor of this RTT newspaper sent us, so we're going to write something instead.

The other day one of our Heatrola customers told us that he had but one complaint to register against his Heatrola—He said that "it made things too hot." Naturally, we do not object to that kind of an objection. That's what Heatrolas are made to do—to heat.

Speaking of objections, we are reminded that we are never worried very much about such matters. They are usually of only minor importance. For instance—Not long ago, one of our 1929 users informed us that she was not able to do very much with her Heatrola due to the fact that it made clinkers. Since clinkers are made only from impurities in the coal, we knew that the Heatrola was not to be blamed. But, since she insisted, we drove out to see about the trouble. There was not a clinker in her Heatrola, nor were there any in the ash-pile. What she called "clinkers" were only portions of unburned coked coal. As she did not seem to know what clinkers looked like, we mailed one out to her for a Christmas present.

To have a customer complain about cold floors around the base of the Heatrola would be a real objection. But, and our fingers are crossed, we have never had such a complaint. It's because of the universal satisfaction given by the Estate Heatrola that our sales are increasing yearly. 1929 sales were more than 60 per cent greater than 1928. Watch us jump in 1930. Don't wait until next fall, ENJOY-IT-NOW.

C. K. Howard says he hopes Leland Matthews won't break up that swell romance between Honey Adams and Richard Blake. So say we, and many of them. Rumor hath it that some very interesting developments are to take place at the Heatrolatown gatherings with in the next few weeks. Better keep posted by tuning in WLW each Friday night at 9:30 E. S. T.

Speaking of objections, we are reminded that we are never worried very much about such matters. They are usually of only minor importance. For instance—Not long ago, one of our 1929 users informed us that she was not able to do very much with her Heatrola due to the fact that it made clinkers. Since clinkers are made only from impurities in the coal, we knew that the Heatrola was not to be blamed. But, since she insisted, we drove out to see about the trouble. There was not a clinker in her Heatrola, nor were there any in the ash-pile. What she called "Clinkers" were only portions of unburned coked coal. As she did not seem to know what clinkers looked like, we mailed one out to her for a Christmas present.

To have a customer complain about cold floors around the base of the Heatrola would be a real objection. But, and our fingers are crossed, we have never had such a complaint. It's because of the universal satisfaction given by the Estate Heatrola that our sales are increasing yearly. 1929 sales were more than 60 per cent greater than 1928. Watch us jump in 1930. Don't wait until next fall, ENJOY-IT-NOW.

C. K. Howard says he hopes Leland Matthews won't break up that swell romance between Honey Adams and Richard Blake. So say we, and many of them. Rumor hath it that some very interesting developments are to take place at the Heatrolatown gatherings within the next few weeks. Better keep posted by tuning in WLW each Friday night at 9:30 E. S. T.

The other night after a particularly hard day at the store, Orrin Updike dropped in our house for a minute and started raving about that new National Inner Spring Mattress he purchased recently. He talked about luxurious ease, sleeping on air, etc., etc., until we couldn't stand it any more—we had to have one, too. And is it worth it? Say, we knew the National was good but never realized it was that good. Believe us, for a night of good shut-eye, every early-to-bedder should have one. The price? Only \$20.00.

In choosing the furnishings for your home, include an Estate Gas Range with Heat-Retaining Oven, in one of the new color combinations. We are exclusive Estate dealers in Circleville and invite you in to see our complete display.

Waiting for breaks doesn't pay; one usually ends up broke. Squire Fricke—You are accused of attempting to choke the plaintiff. Tell me about it. Prisoner—Well, your honor, it's a lung story.

George H. Adkins, the Hudson Essex agent, says if all the automobiles were placed end to end, the last driver in line would wear out his horn.

Before we forget it—just a line to tell you all that the same sales policies we've adhered to during the past years, will continue during 1930. Efficient service, high quality merchandise at reasonable prices, and terms that should make every customer a friend.

HOMER HANDY'S HINT
If the wheels of your car have wooden spokes, they may dry out and become a little loose through shrinkage. This causes an annoying squeak which can be stopped by wetting the wheels thoroughly.

One of our customers told us a pleasant thing Saturday evening. He mentioned that a few years ago, we sold him a living room suite. It seems that his mother also purchased one from another store and paid \$40.00 more than he paid. His sister also bought a suite from another store, paying more than he paid for his. In spite of those suites costing far more than he paid, our friend informed us that he had a better suite than either of the other two. We're glad that our customer is so well satisfied and we know that you will be pleased, too, if you'll give us a chance to serve you. We sell GOOD GOODS FAIRLY PRICED.

And, before we forget it, we'd like to say that our good customer purchased a coal range from us before he left the store. That's what makes business a pleasure—to keep on serving our old customers.

Book racks, occasional chairs and tables, smoking stands, ottomans—everything to add to home comfort.
